Damage Update from Cuming County Public Power District

Restoration of the CCPPD tornado damaged area has been progressing rapidly. Crews will work tonight until dark. CCPPD & Schmader Electric crews will resume work early in the morning to keep restoring poles and power lines. We expect just a handful of customers to still be without power just north and east of the highway 275 & 15 junction. Based on today's progress, all customers should have power restored by the weekend as long as no unforeseen situation or future storm would arise. Thank you to everyone for your patience and understanding in this unfortunate situation. We are keeping everyone in our thoughts and prayers as clean-up work progresses in the area. Please contact the office with any concerns or questions: 402-372-2463 or toll free 1-877-572-2463
