Update on Outages from work on Dodge Substation

Outages in Dodge for today October 5th, will be completed as planned. The scheduled outage for tomorrow is being cancelled and will be rescheduled at a later date.

Due to the forecast tomorrow, we are holding off doing any work that would have customers without power. Businesses have been notified directly. All affected customers will be notified when it is rescheduled.

CCPPD wants to remind you as always to please drive slowly in any work area and be cautious of any workers. If there are any further updates, we will let you know as soon as we have them.

Please contact the office with any concerns or questions: 402-372-2463 or toll free 1-877-572-2463.
