Youth Energy Leadership Camp

The 2026 NREA Youth Energy Leadership Camp was held July 20 to 24 at Camp Comeca, near Cozad, Neb. There were 34 campers from 19 member systems with eight adult counselors and eight junior counselors. Cuming County Public Power District representatives were Logan Hansen from the Pender area and junior counselor, Ramsey Arduser from the Wisner area.

Through interesting workshops, fascinating demonstrations, and presentations by regional experts addressing the many issues affecting the rural electric program, campers depart after five days far more knowledgeable about the public power industry in Nebraska than when they arrived. A tour of the Gerald Gentleman Power Station and the Kingsley Hydro-Electric Power Plant provided a first-hand look at the process of generating electricity.

Presentations during camp were provided by Dawson PPD, NREA, Central Irrigation and Public Power District, Tri-State G&T, and NPPD. Midwest PPD also helped by providing a bucket truck.

Thank you for being such great representatives for Cuming County Public Power District, Ramsey and Logan.

Ramsey Arduser &
Logan Hansen
